

Inspired Education Group Parent Code of Conduct

1. Commitment to working with parents.

We are proud at Inspired schools to have excellent relationships, based on shared beliefs and common goals, between students, staff and parents – this partnership is key to the success of our schools and ensuring students can continue to flourish in a positive and supportive environment.

We encourage and welcome parents' full participation in the life of our schools, as part of a mutually supportive community that embodies the ethos and values of the school, in the best interests of the students; we are committed to listening to parental feedback to support our schools in being the very best they can be - this code of conduct clarifies our expectations of this relationship.

The school's philosophy and values should be considered as being shared by all members of the community, including parents, and hence parents are expected to uphold these values in all of their interactions with the school and its community.

Every member of our community deserves to be treated with respect, dignity, and tolerance; they are also cornerstones of the Inspired philosophy. We demand it of all our students and expect all adults, including parents, to abide by these standards and set a good example in their own speech and behaviour.

2. Communicating with school.

We understand that there will be occasions when parents and guardians wish to raise concerns or complaints – we ask parents to share these with school leadership through the appropriate channels and/or following the school's complaints policy, so these can be quickly resolved for the best interests of our students.

We expect behaviour and communications between parents and school to be always respectful and mindful of the modelling of best behaviours we expect of our students, whether at school events, in person, on the telephone or online.

In the event of disagreements between school staff and parents, these should not be worked through in sight of the parent's children or, indeed, any other students in the school. We believe that when home and school can present a shared opinion or decision to children/students, this is ultimately beneficial as part of the student's learning and development process.

We expect parents to follow and uphold all procedures outlined in the school's published policies.

3. Behaviour and communication that is unacceptable.

We will always do all we can to facilitate communication with parents that is consistent with the above principles in resolving the concern or the complaint, but we will not tolerate communication or behaviour we consider disrespectful, abusive or threatening.

Behaviours that we consider to be unacceptable include, but are not limited to:

- Communication or behaviour that is disrespectful, offensive, aggressive, abusive, defamatory, threatening, harassing, bullying or otherwise considered unacceptable, whether this is at school events, in person, on the telephone, by email or on social media.
- Behaviour or communications that breach school policies, safety or procedures.
- Disruptive behaviour including offensive language or displays of anger which interferes or threatens to interfere with the normal, daily operation of the school.
- Inappropriate posting of libellous, defamatory, malicious or threatening messages on emails and on traditional and social media about the school or individuals connected with it, including creating or joining private groups or chats that victimise or harass an individual connected with the school or the school in general, or potentially damage the school's reputation.

4. Consequences of breaching parent code of conduct.

Where behaviours are displayed by parents that breach the parent code of conduct, the school will attempt to facilitate more effective lines of communication, investigate, and seek to resolve these issues.

Where that is not possible, the school reserves the right to take any actions to ensure that members of the school community are not subject to abuse. Actions the school can take are, but not limited to include:

- request for a meeting to resolve the issue.
- issue a warning regarding the behaviour and how that breaches this code.
- withdraw the right to be on school premises or at school events.
- give notice to parents to that the enrolment contract with their child/ren has been rescinded and an alternative school will need to be found
